Dear Dr. Rechcigl, *Miloslav' Reho,*

Allow me to congratulate you on your long-time service to the Czechoslovak Society of Arts and Sciences as you pass the SVU presidency on to your successor. Your meritorious work with SVU has helped make it the dynamic and active organization that it is today.

Under your guidance and with your indefatigable enthusiasm, SVU has attained a tradition of excellence in promoting the Czech and Slovak Republics, while fostering the cross-cultural sharing of information, ideas, and artistic and scientific property. During your tenure as President, SVU conducted first-rate activities, including the highly successful SVU World Congress in Ceske Budejovice in summer 2006.

I know that you will remain extremely active in SVU, but I thank you for your accomplishments connecting not only Czechs, Slovaks, and Americans, but in promoting SVU worldwide. I wish you great success in your ongoing SVU participation and in your new pursuits.

Warm regards,

Petr Kolar
Ambassador
